

**Preserving a Legacy. Building a Sustainable Future.**  
***3 Fields. Only 1 Playable. We're Changing That.***

On behalf of the Bulldog organization, board members, committee members, volunteers, and most importantly the players, we are proud to present the Sutherland Fields Reimagined.

Sutherland Fields represents more than a place to play baseball. It is an opportunity to create a true home for our athletes, families, and the broader community—a space where young athletes develop, where families gather, and where a legacy of youth sports continues for generations.

Today, we have three fields—but only one is fully playable. Our goal is to bring the entire complex back to life. This includes restoring the fields, improving infrastructure, enhancing safety, and creating a high-quality, year-round facility that serves not only the Glendora Bulldogs, but teams and families from across the region.

This project is entirely community-driven. While we have made meaningful progress, the reality is that completing this vision requires the support of local businesses and community partners who believe in investing in youth, health, and community connection.

Sponsorship support directly contributes to:

- Field restoration and maintenance
- Equipment and facility upgrades
- Safe, high-quality playing environments for athletes
- Long-term sustainability of the complex

In return, sponsors receive meaningful visibility and recognition through year-round field usage, tournaments, community events, and digital exposure.

Sutherland Fields is positioned to be a central hub for baseball activity in the San Gabriel Valley—with consistent traffic, tournament play, and community engagement that extends far beyond a traditional local field.

This is more than a sponsorship. It is an opportunity to be part of building something lasting.

Thank you for your time, your consideration, and your commitment to supporting our community.
